An association of at least five (5) participants is required to take part in the tournament and is referred to as “Team”. The maximum number of players per roster is given by the OPL - Team size. Each Player is only allowed to play in a single team. If a Player joins another team that also takes part in the EON Services Tournament during the Season, this must be reported to the Tournament Organizer immediately. It is in the hands of the Tournament Organizer to decide whether the Player is eligible to play or not. As long as no decision has been made, the Player is considered ineligible to play.

If there is an illegal Player in the lobby and there is a complaint from the Opponent, the Player must leave the lobby immediately. However, should a team not protest the illegal Player and the match has started, the Player will be eligible to play all maps.

3.5.7 Tactical timeouts

Each team has one Tactical Timeout (45 Seconds) and needs to request it via the Tactical Timeout function in-game.

Each team has one Technical Timeout. A Technical Timeout has a maximum duration of 10 minutes. After the time has run out, the game needs to be continued or rehosted. Rehosts can be requested in the in-game chat when following these scenarios:

- wrong lobby settings (only valid before the 3rd preparation phase)
- consistent high ping (>120ms of one or more players)
- a player disconnecting being unable to reconnect (only valid until 15 seconds into the action phase without anyone being damaged)

Drone skins and operator gadget skins are all forbidden. Players may only use the default drone and operator gadget skins.

3.5.10 Good sportsman rules

These are the good sportsman rules, every team has to follow:

- teams and players are expected to perform and play their best at all times during any match and avoid any behavior inconsistent with principles of honesty and fair play.
- intentional team killing is strictly forbidden.
- spawn killing (defined by killing an opponent within the first 2 seconds of the action phase) is strictly forbidden and leads to a round loss.

3.5.11 In-game chat

The in-game chat should only be used to request technical timeouts ("tech", "tech p") or rehosts ("rehost", "rh") and for nothing else. Any kind of toxicity towards the opponents, teammates or league staff won't be tolerated and will result in a punishment.

If the match is getting streamed, the observer will mute the player violating the rule. With that, the team risks not getting a Technical Timeout or Rehost when requested, as the Observer won't see the messages of the player.

3.5.12 Leaving the lobby

Every player has to stay in the lobby until the end of the last round. Leaving earlier may lead to a warning for the team.

3.6 Protests and penalties

Any ticket opened on Discord related to rule breaching should be accompanied by tournament related evidence or will be disregarded by the staff team.
